
Our Mission is to support, enable and inspire everyone in our communities to Live Young Live Life

Our objects/aims are • To continue to provide a location for the Wareham Youth Club and other community users • To provide education, activities and fun, support and advisory services to young people in a safe location that promotes their safety, wellbeing and participation in their local community • To develop the use of the location such that it is used to its maximum potential.

We will maintain our Charitable Incorporated Organisation status, subscription with DYA and annually review the standards we need to meet, this includes Trustees meeting Charity Commission Guidance.

Our plan will adapt to any guidance on Covid and managing risk and establish ways to meet needs, working outside where possible and keeping to any social distancing. We will publicise our sessions on Facebook, Instagram, and our website.

FOR YOUNG PEOPLE WE WILL • Enable young people's emotional wellbeing and resilience by running some open access youth club sessions in Wareham, Wool and Corfe, in and outside buildings and some holiday and lunchtimes in Wareham. Our mobile vehicle will be going out to people in various locations including Swanage. We will Walk and Talk and meet young people one to one. Some meetings may be online. We will work in partnership with D of E, Dorset Mind, Koru, #wilddoes, Planet Purbeck and stakeholders from schools, Councils, Business, Police and Health etc, and Community. Promote diversity and young people's participation being part of a cohesive community, acknowledging young people are the future. We will provide emotional, relationship and sexual health support, training, keeping safe and when needed seek additional help for those at significant risk of harm.

FOR THE WIDER COMMUNITY WE WILL Run a breakfast group each term for professionals working with young people and families. Provide and rent suitable rooms when appropriate. Keep updating the garden area. Offer opportunities for Not so Youth AND Purbeck Gateway club for adults to keep in contact and prevent isolation.

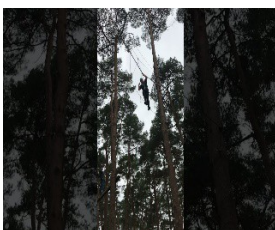

RAISING FUNDS through 1 to 1 work, bids and creative fundraising. Provide value for money and keep stakeholders updated. Store and use information appropriately using our Groop recording system.

FOR STAFF AND VOLUNTEERS recruitment will remain a thorough process with all relevant checks. We will enable training and support.

Thank you to staff, volunteers, and donors as without you we would not be running. Our website has more detail.

Trustees Terry Lewis Chair, Mark Lapper Treasurer, Joyce Spiller, Beryl Ezzard Ryan Holloway
